THE MIIRA COLLECTION

Miira 8 Circular

The ring chandelier consists of a metal ring in a powder-coated finish with globe-shaped diffusers in opal white or optic clear hand-blown glass distributed around its perimeter. The opal white diffuser provides a soft, all-round light whereas the optic clear provides a more decorative light. The ring is suspended from the ceiling canopy with plastic cords and designed for ceiling mounting. Each diffuser uses a single G9 light source positioned centrally within the diffuser.
