

Petra Coffee Table Set

The Petra Coffee Table Set features two sculptural tables, each defined by a modified rectangular tabletop with asymmetric clipped corners. Though unified in design language, the pair varies in height and proportion, creating a dynamic interplay when styled together. Each tabletop combines softly curved edges with sharper angular cuts, giving the set a modern, architectural presence.

Product Highlights

- Both tables are finished in Mortex, a multifunctional Belgian-developed coating that evokes the tactile richness of waxed concrete, smooth concrete, and Tadelakt.
- Hand-applied and individually crafted, the Mortex finish ensures that every table in the set is unique, adding character and material depth to the ensemble.
